Mr. John F. Byrne
Superintendent
George Washington Memorial Parkway
U.S. Department of Interior
National Park Service
Turkey Run Park
McLean, Virginia 22101

Dear John:

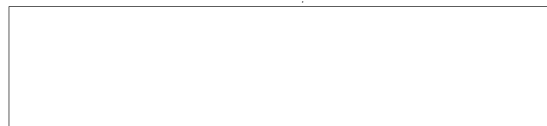

This letter is a request to proceed with the design of safety improvements to the CIA-George Washington Parkway interchange.

While these improvements have been the subject of discussion between us for some time, we have been awaiting the results of current traffic studies related to CIA expansion before requesting final designs. With the submission of Technical Memorandum No.2 for the CIA Expansion by Dewberry and Davis, there remains no doubt concerning the need to implement these improvements.

It is requested that final design be undertaken and that a schedule for design and construction be provided for our planning purposes. We would also appreciate an updated budgetary estimate of project costs.

Your continued assistance on this project as well as the CIA Traffic Advisory Committee is sincerely appreciated. We look forward to a continuing, close relationship in the future.

Sincerely,

New Building Project Office
Office of Logistics
